## ATTEMPT UPON DUKE APPEAL TO DEMOCRATS

### BULLETS WHIZENEAR

### TO SEND ONE DOLLAR

Was Engaged In Reviewing Soldiers When Leadens Messengers of Death Came Near to Converting Him Into a Corpse.

Griggs Requests That Each Member Contribute Toward Helping the Party Secure Control of the Next House.

St. Petersburg, Aug. 11.—Grand Duke Nicholas Nicholasievitch, president of the council of national defense, narrowly escaped assassination at the hands of imperial guards in the guard camp at Krasnoye-Selo.

It appears that the grand duke was personally reviewing the maneuvers and putting the troops through blank firing practice when he was suddenly startled by the wasp-like hum of bullets about his head, but neither himself nor horse was hit. The command to cease firing was immediately given and the soldiers of the regiment from which the bullets came were marched back to quarters and an investigation begun in the hope of ascertaining from the barrels of the rifles which soldiers fired the ball cartridges. Several arrests are understood to have been made.

One of the grand duke's aides de camp, who, however, was not personally present, advanced to the Associated Press correspondent the theory that possibly the bullets were fired by accident, but it is considered beyond a doubt that there was a plot on the part of a number of guardsmen, who had deliberately planned to take the grand duke's life under cover of a general blank cartridge firing.

"It was no more an accident," said one aide de camp, "than the firing of a charge of grape from the saluting battery at the winter palace on the occasion of the ceremony of blessing the waters of the river Neva by the emperor a year and a half ago."

This bold attempt on the grand duke's life caused immediate change in the plans of the emperor, who had arranged to go to Krasnoye-Selo and spend the week.

It was learned that the troops were in extended order and engaged in volley firing when the "accident" occurred, rendering it difficult to determine the regiment from which the bullets came. The grand duke, surrounded by officers and aides de camp, was off on one side out of line of the fire.

The affair has created a deep impression in military circles, and is the one topic of conversation in the clubs.

It was definitely established that the shots were fired by the first battalion of sharpshooters of the guard, who advanced in a rush, and while making a sham attack on an entrenched position. Fully 100 shots were fired, but the impatience of the conspirators led them to open fire at such a distance as to frustrate their object. Before the maneuvers began all ball cartridges were taken from the troops and officers had taken the precaution to make special examination of cartridge pouches immediately before inaugurating the movement of troops.

### STEAMER HITS BRIDGE.

Portion of Latter Falls and Traffic Is Completely Tied Up.

Duluth, Minn., Aug. 11.—The steamer Troy, a package freighter owned by the Western Transit company, collided with a span of the Interstate bridge and precipitated it into the channels on either side of the center pier, on which the span revolved. Navigation to and from the upper harbor, the most active portion at the head of the Lakes, was blocked. It is impossible for even a tug to pass. Forty steamers are cut off from returning to the lake, street railway and team traffic between Duluth and Superior is cut off and will be for some time to come. The bridge is owned by the Great Northern railroad. The draw span was 500 feet in length and one of the longest in the world.

### SALT WATER SYSTEM.

San Francisco Fire Department Will Have Auxiliary of This Kind.

San Francisco, Aug. 11.—The fire committee has approved the recommendation of Chief Shaughnessy favoring the establishment at the earliest possible date of an auxiliary salt water system, so planned as to protect the business portion of the city. The chief urged cisterns holding at least 100,000 gallons to be established on the various hills throughout the city. Two high power fireboats are also recommended for use on the water front.

### CHARACTER SLAIN.

Shot Officer Five Times and Latter's Son Kills Him.

Princeton, Mo., Aug. 11.—"Buck" McHargue, a notorious character, was killed by a son of Policeman Abe Trent after McHargue had shot the officer five times while resisting arrest. Policeman Trent is in a serious condition.

Washington, Aug. 10.—Chairman Griggs of the Democratic congressional committee has sent out many thousand circulars calling for \$1 subscriptions from Democrats throughout the country, the money to be used for the coming campaign. In his letter Chairman Griggs says:

"To All Democratic Voters: If there ever was a time in the history of the Democratic party for a manifestation of loyalty and patriotism on the part of the members it is right now. If we are to win a victory and elect a president two years hence we must first elect a house of representatives this fall. A Democratic house will investigate every department of the government. With all those honeycombed with graft, the edges of which have only been touched by recent exposures and prosecutions, there will be a revelation of rottenness that will astound the country and create a demand for a Democratic administration to clean the government workshop. To win the house, we need money to defray legitimate expenses to get out votes. We have no protected monopolies from which to draw to fill our coffers as do those of the Republican party. We must, therefore, appeal to loyal Democrats for contributions.

"Will you send us \$1 at once, and in return for this we will send you copies of our campaign literature issued by the committee. We have the thanks of the entire Democratic party for your favorable response to our request. Address all remittances to J. M. Griggs, Washington, D. C."

### TELLER SUICIDES.

No Charges Had Been Brought Against the Dead Man.

Chicago, Aug. 11.—Frank Kowalski, paying teller of the Milwaukee Avenue State bank, shot and killed himself at his home, 340 North Carpenter street. No charges had been brought against him in connection with the failure of the bank.

The dead teller, who was about thirty years of age, had been with the bank thirteen years. He began as office boy, and had been promoted step by step to paying teller.

Criticism by neighbors and life-long friends who accused him of a share in the downfall of the bank, is believed to have driven Kowalski to his death. For two days he had been despondent, and the members of the family had kept a close watch over him. Friday, however, he returned to his home at 4 o'clock, and while the family was away from home, suicided, and his dead body was found four hours later.

The climax of his trouble was reached Thursday night when a woman who had known him for years accosted him on the street and accused him of being responsible for the failure of the bank. When speaking of the incident later in the evening Kowalski complained bitterly of the suspicions of his friends, and declared that unless his reputation was speedily cleared he would take his own life.

Kowalski's relatives assert that he was innocent of any knowledge as to the mismanagement of the bank by President Stensland. When the bank failed Kowalski had \$700 of his own money on deposit in the institution, and his immediate relatives nearly \$50,000. Had the teller known of Stensland's defalcations, they assert, he would at least have notified his relatives, and would have taken his money from the institution.

After an all day's search forged notes aggregating more than \$500,000 were found, and are now in possession of the state's attorney, who will use them in the prosecution of the officials responsible for their utterances.

A statement made by Hering regarding loans made by Stensland as banker to himself and the shortage found by previous investigation, it is asserted, that when a final adjustment of the affairs of the bank are made, it will be found that President Stensland's defalcations will aggregate nearly \$2,000,000.

### AGAINST CASTRO.

General Antonio Paredes Will Plan a Revolution at Once.

New York, Aug. 11.—The Tribune says: General Paredes, who has earned a reputation in Venezuela as an able military leader, has just arrived in this city from Trinidad to plan a revolution against President Castro.

"I came here solely on that mission," said the general, "and I am sanguine of its success. I shall not return until I have accomplished the object of my visit."

**YOUR NEWSPAPER.**

The McKinney Gazette has  
forcefully embodied the idea of  
the reciprocal features of a news-  
paper as follows:

"Wouldn't it be a nice thing  
indeed to edit and publish a news-  
paper in a town where every read-  
er took a personal interest in the  
paper and tried to help it along?  
Really this should be the feeling  
with every one, and most people  
have the friendliest feeling to-  
wards the home paper, but mere-  
ly manifest a spirit of indifference  
towards it. It would be such an  
easy matter when a friend visits  
you to call up the newspaper of-  
fice and tell about it. This would  
also tend to make the stay of your  
friend more pleasant, for there is

**FOSTER'S WEATHER BULLETIN.**

(Copyrighted 1906, by W. T. Foster.)

Washington, D. C. Aug. 11.—Last bulletin gave forecasts of dis-  
turbance to cross continent 9 to 13, warm wave 8 to 12, cool wave 11  
to 15. Next disturbance will reach Pacific coast about 13, cross west of  
Rockies country by close of 14, great central valleys 15 to 17, eastern  
states 18. Warm wave will cross west of Rockies about 13, great central  
valleys 15, eastern states 17. Cool wave will cross west of Rockies  
about 19, great central valleys 18, eastern states 20.

This disturbance will follow one of the coolest periods of August and  
following it will come some of the hottest days and driest weather of  
the month. It will not be a severe disturbance on the Pacific slope,  
but will begin to increase in force as it passes off the Atlantic coast and  
will become a severe storm out on the North Atlantic.

Fifth disturbance of August will reach Pacific coast about 18, cross  
west of Rockies country by close of 19, great central valleys 20 to  
22, eastern states 23. Warm wave will cross west of Rockies country  
about 18, great central valleys 20, eastern states 22. Cool wave will  
cross west of Rockies about 21, great central valleys 23, eastern states  
25.

This disturbance will be moderate on Pacific coast, will increase in  
force as it crosses the Rockies and will be a fierce storm in the cen-  
tral valleys and the eastern states. Temperature of this disturbance  
will average high, heavy rains in small sections and increasing drouth  
in parts of the corn belt.

I am expecting frosts first day of September where they sometimes  
occur at that season. My forecasts predicted more rain in eastern and  
southern than in the corn belt states for the crop season of 1906, and  
the prediction was good.

**SCIENCE NOTES.**

There are some infinitives; space is one of them. There is no end to  
space; it has no boundaries, but extends infinitely in all directions.  
It was not created, had no beginning, because it always existed. There-  
in are a set of truths, possibly the only truths, on which there are no  
dissensions. Scientists claim that matter is co-extensive with space  
and this, too, is so universally admitted that it may be classed with the  
infinitives.

We scientists claim that matter, in some of its forms, always existed  
and therefore was not created. There is where the ways begin to part.  
If either the word "formed" or "made" could be substituted for the  
word "created," much controversy might be avoided. We make or  
form a house out of a tree and clay, but we first change the tree to  
lumber and the clay to brick. The scientist says that nature forms  
all thing out of the ether by first changing the ether into some other  
and coarser form of matter. If we would all have a little more charity  
a basis might be found for a general agreement.

not a soul living that does not like  
to be regarded as of sufficient im-  
portance to be mentioned occa-  
sionally in the local paper. If  
you want to win the lasting friend-  
ship of the newspaper man, just  
make it a rule to stop him when-  
ever you meet him and tell him  
any little item of news, and to win  
the everlasting gratitude of the  
editorial force, use the telephone  
freely in furnishing items. You  
need not fear that you will be sus-  
pected of desiring to get your  
name in the paper. You will  
merely be regarded as one of the  
good friends of the paper, and if  
you keep up your thoughtfulness  
you will be able to get most any  
kind of favor it can ever be ready  
to render you. Think of a local  
newspaper as your paper, treat it  
and its editorial force as your  
friends, and you will be able to  
assist largely in its work for the  
good of your community."

**ROB RANDLE FIGHTS WITH KNIFE.**

Rob Randle, colored, while play-  
ing billiards in the Big-4 saloon yes-  
terday afternoon had a difficulty  
with Ellis Jenkins and Josh Wash-  
ington, so it is stated, and during  
the scuffle Randle was being held on  
the floor by the other parties but  
soon cut loose, inflicting severe  
knife wounds in their legs. In the  
meantime, we are told Geo. Easter,  
took part in the capacity of separat-  
ing them and was himself slashed by  
Randle. Washington's wounds are  
probably the worst, having his knee  
cap almost severed. Constable  
Baker arrested Randle and placed  
him in jail.

### CAPT. THOMAS JOHNSON DEAD.

Capt. Thomas Johnson, age 77 years 1 month and 4 days, died in Austin yesterday afternoon, where he has been for the past twelve months.

This well known and beloved gentleman was born in Richmond, Virginia, July 7th, 1829, and moved with his parents to Nashville, Tennessee when 19 years old. From Nashville he came to Texas in 1864 and settled in what is now known as the Walker settlement and for over forty years was known to all old settlers and other people of Brazos County as an honest, upright and christian gentleman and many friends in the county will regret to learn that he is gone.

Mrs. H. Rohde gave a most enjoyable party at her handsome colonial home on the east side of town Thursday evening to her daughter and son, Miss Alline and Henry Rohde, in honor of their charming guests, Misses Hunt of Caldwell, Miss Lois Reynolds of Franklin and Miss Eula Gregg of Pitts Bridge. On the front veranda was a large crystal punch bowl embedded among palms and ferns. Misses Louise Harris and Maggie McDougald served punch. This pretty new home is splendidly adapted for entertaining and needs nothing further than its usual handsome furnishings in the line of decoration. Mrs. Rohde's entertainments are always well planned and carried out. She was assisted in entertaining by her daughter, Mrs. J. T. Maloney. In the receiving line were Misses Alline Rohde, Hunt, Gregg, Reynolds, Willie McDougald, and Mrs. Henry Rohde. The lawn was well lighted with Japanese lanterns and electric lights and provided with settees and chairs, and all during the evening Master Robert Rohde passed chocolate bonbons. Miss Lucile Batte won first prize, a pearl handled fan, in an advertisement contest, and Miss Charlie Jenkins received the booby, a china doll. Mr. John Preston captured the boy's prize, a silk handkerchief. Mr. Stuart Boatwright was consoled with the booby prize. The hours of mirth and jollity passed very quickly and nut cream and cake was served. Mrs. Rhodes' guests were: Misses Alline Rohde, Lois Reynolds, Eula Gregg, Gladys Hunt, Irene Board, Ray Conway, Helen Peverly, Willie McDougald, Mary Ross Parker, Francis Chace, Clara Mawhinney, Lucile Batte, Mary Roman, Charlie Jenkins, Norris Tabor, Gene Dennis, Mary Knowls, Gussie Buchanan, Deedee Hickman, Nannine Hall, Louise Batte, Hazel Adams, Maggie McDougald, Louise Harris; Mary Harris; Messrs. The Musical Club had no regular weekly meeting this week. The club members gave quite a pretty party to their friends on Tuesday evening at eight-thirty at the home of Mr. and Mrs. J. T. Hanway. Their daughter, Miss Madeline, is one of the charming members of the club. The receiving line was composed of the members who were in attendance and are as follows: Misses Madeline Hanway, Laura James, Stella Johnson, Ira Maud Camp, Mary Allen, Louise Stickley. Quite a pretty and interesting contest was enjoyed. Master Robert Caldwell received the prize, a box of candy. Agnes Kennard won the booby, a small bottle of perfume tied with ribbon—the club colors. On the lawn and wide cool gallery were found plenty of settees and chairs for the guests. At the close of this delightful evening sherbert and cake were served. The club meets next Friday at 5 o'clock with Miss Willie McDougald.

The home of Mr. and Mrs. E. J. Fountain was on Wednesday afternoon the scene of a very gathering of young ladies, the event being an entertainment given to the Bachelor Girls' Club by Mrs. Fountain in honor of one of the club's former members, Mrs. Ralph Risser of Halington, who, with her mother, Mrs. R. T. Boyle, is delighting friends

**Weak Hearts**  
Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.  
Mr. D. Kauble, of Nevada, O., says: I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

One of the most interesting ones was a contest where questions were to be answered by names of cities. The fortunate winner, Miss Irene Board, was presented a book by Miss Frances Chance. The guest prize was given Miss Ray Conway by Miss Irene Board. The rooms were handsomely decorated with roses in profusion and pot plants. **TIMBER LAND.**  
Assistant Attorney General Hawkins Refuses to Change Ruling.  
Austin, Aug. 11.—Assistant Attorney General Hawkins adheres to his former ruling that guayule is timber. Judge Grimes of Del Rio and C. W. Woodruff, representing the Continental Railway company, were so informed at a conference here.

The minimum price at which timber lands shall be sold is \$5 per acre. Judge Griner and Mr. Woodruff claim that this price is exorbitant. They say that the west Texas lands will not yield to exceed one-half a ton of guayule per acre, and that the shrub should sell for about \$1 per ton. The expense of getting it out, transportation, etc., would be considerable, they say.  
Judge Griner said that the plans of the parties whom he represents to establish rubber factories in west Texas will probably be abandoned.

The estimated damage of this flood in Oklahoma and Indian Territory will reach at least \$1,000,000.

Old Soldiers and Wives Thus Solved the Mud Problem.

Guthrie, Aug. 11.—During the soldiers' reunion at Jefferson the veterans, pulling off their shoes and socks and rolling their pants up to their knees, lined up behind a band and gave one of the most amusing parades ever witnessed. Not to be outdone, the wives of the old soldiers discarded shoes and stockings, and with skirts gathered up, joined the parade.  
For two hours the jubilee continued. Around the park, back and forth by the tents and the speakers' stand, marched the band, the men and women following, wading through the mud and water as they did when children before the war.

**STENSLAND IN TEXAS.**  
Fort Worth Station Master Says He Was In That City.  
Dallas, Aug. 11.—A special to the Times Herald from Fort Worth says: It is now certain that Paul O. Stensland, the absconding president of the Milwaukee Avenue State bank of Chicago, who is charged with having looted that institution of over \$1,000,000, was at Fort Worth Friday. The night station master at the Texas and Pacific railway station says he is certain that he saw Stensland, whom he describes as wearing a heavy beard, rather closely trimmed, his hair being tinged with gray. The man, accompanied by a strikingly handsome, portly blonde woman and a man believed to be a former Chicago detective, are thought to have left here on tickets bought by Stensland to Galveston. A Santa Fe train could have been boarded by the party bound through to Galveston and a change made at Valley Junction, there boarding an International and Great Northern through train via San Antonio and Cotulla to Laredo on the border, where passage into Nuevo Laredo, Mexico, would probably be easy unless the authorities there were on the lookout.  
Chief Collins of Chicago wired a reporter here that he had notified Laredo, El Paso, Brownsville and Eagle Pass to keep on the watch for Stensland.

**TRAVELED WITH FUGITIVE.**  
Former Chicago Broker Not Aware of Stensland's Misdeeds.

St. Louis, Aug. 11.—A special to the Post-Dispatch from Fort Worth says that Paul O. Stensland, the fugitive bank president of Chicago, was at Fort Worth, according to Henry V. Adams, a former Chicago broker, and was believed to be on his way to Mexico. Adams said he traveled all the way from New Orleans to Fort Worth with the absconding banker without knowing his bank had failed. Not until he read an account of it in the local papers did Adams know that Stensland was fleeing. Stensland told Adams he was going to Mexico on a trip into the mountains for his health. The police departments of all border towns were notified.

**CURSED CORPSE.**  
Wreath on Door Torn Down and Angry Men Scatter Flowers.

Chicago, Aug. 11.—The police were summoned to keep order at the inquest into the cause of the death of Frank Kowalski, teller of the Milwaukee Avenue State bank, who shot himself Friday at his home. The feeling of some depositors in the defunct bank was so great that the dead teller was cursed as his body lay in the parlor of his home. A wreath on the door was torn down and its flowers scattered by angry men. Sergeant Hamilton, detailed at coroner's inquest, forced the disturbers into the street. Policemen were then stationed at the door to prevent anyone not wanted from entering the house.

New York, Aug. 11.—Wheelock N. The prisoner pleaded guilty to a charge of grand larceny. A few days after Harvey left the city the securities he had taken were returned to the bank from Washington. About a month ago Harvey was arrested in Texas, near Fort Worth.
